Dear Sir/Madam,

PROPOSED MANDATES

1. INTRODUCTION

The Company had at its AGM held on 7 June 2024, obtained a shareholders' mandate for the Company and/or its subsidiaries to enter into RRPTs of a revenue or trading nature which are necessary for day-to-day operations and are carried out in the ordinary course of business and on normal commercial terms that are not more favourable to the Related Parties than those generally available to the public.

The existing shareholders' mandate shall in accordance with the Listing Requirements expire at the conclusion of the forthcoming AGM unless, by a resolution passed at the meeting, the authority is renewed.

On 21 April 2025, the Company had announced its intention to seek shareholders' approval for the Proposed Mandates pursuant to Paragraph 10.09 of the Listing Requirements at the forthcoming AGM.

THE PURPOSE OF THIS CIRCULAR IS TO PROVIDE YOU WITH THE DETAILS OF THE PROPOSED MANDATES AND TO SEEK YOUR APPROVAL FOR THE RESOLUTION TO BE TABLED AT THE FORTHCOMING AGM OF THE COMPANY.

SHAREHOLDERS ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS TOGETHER WITH THE APPENDICES OF THIS CIRCULAR BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED MANDATES AT THE FORTHCOMING AGM OF THE COMPANY.

2. DETAILS OF THE PROPOSED MANDATES

2.1 Background information of provision imposed by the Listing Requirements on Related Party Transactions

Paragraph 10.09(2), Chapter 10 of the Listing Requirements provides that the Company may seek a mandate from its shareholders for related party transactions involving recurrent transactions of a revenue or trading nature which are necessary for the day-to-day operations subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Party than those generally available to the public;
- (b) the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year where the aggregate value is equal to or more than the threshold prescribed under Paragraph 10.09(1) of the Listing Requirements;
- (c) the circular to shareholders for the shareholders' mandate shall include the information as may be prescribed by the Exchange;
- (d) in a meeting to obtain shareholders' mandate, the interested Related Party must not vote on the resolution approving the transactions. An interested director or interested major shareholder must ensure that persons connected with him abstain from voting on the resolution approving the transactions; and
- (e) the Company must immediately announce to the Exchange when the actual value of RRPTs entered into by the Company, exceeds the estimated value of the RRPTs disclosed in the circular to shareholders by 10% or more and must include the information as may be prescribed by the Exchange in its announcement.

Paragraph 3.1.4 of Practice Note 12 states that the shareholders' mandate is subject to annual renewal and any authority conferred by a shareholders' mandate will only continue to be in force until:

- (i) the conclusion of the next AGM of the Company at which shareholders' mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (ii) the expiration of the period within which the next AGM after that date is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (iii) revoked or varied by resolution passed by the shareholders in general meeting,

whichever is the earlier.

Where disclosure of the aggregate value of transactions conducted pursuant to the shareholders' mandate is required to be made in the annual report, Paragraph 3.1.5 of Practice Note 12 states that the Company must provide breakdown of the aggregate value of the RRPTs made during the financial year, amongst others, based on the following information:

2.3 Proposed Mandates

Under Chapter 10 of the Listing Requirements, a listed company may seek shareholders' mandate for recurrent transactions of a revenue or trading nature which are necessary for a listed company or its subsidiaries' day-to-day operations such as provision of services and supply of materials which may be carried out with the listed company's interested persons.

The Group's supply-chain management solutions is an automated, modularity platform that involves intelligence interconnectivity of machine with minimal human intervention that allows for space saving, better traceability, speed enhancement and cost efficiency. As part of the Group's offering in the current prevalence of Industry 4.0, such an integrated solution is beneficial and relevant in the current supply chain management.

PSB, having established itself as a development and marketing company in systems hardware and software applications for the supply-chain management catering for the manufacturing sector, shall be the partner for the Group covering potential customers in the distribution sector.

The supply-chain management solutions will involve PEMSB, where PEMSB will provide the hardware and system integration solution.

2.4 Rationale and benefits for the Proposed Renewal of RRPT Mandate

The RRPTs as set out in Sections 2.2(b) of this Circular to be entered into by the PCB Group are recurring transactions of a revenue or trading nature which are necessary for its day-to-day operations and are in the ordinary course of business of the PCB Group.

The collaboration with PSB involves the supply of the solutions hardware and technical services for project implementation to its potential customers. PSB will engage PEMSB in equipment design and manufacturing of high precision machine system for PSB in its offerings to its potential customers. This synergistic business proposition would allow the billing from PEMSB to PSB, which shall contribute positively to PCB Group, at a minimal operational cost outlay.

The abovementioned transactions are likely to occur with some degree of frequency, and may arise from time to time, on an arm's length basis and on normal commercial terms and are on terms not more favourable to the Related Parties than those generally available to the public or unrelated third parties (and which are not to the detriment of the minority shareholders of the Company). As it would be prudent to carry out the transactions on a timely basis, it may be impractical to seek shareholders' approval on a case-by-case basis before entering into such Related Party Transactions.

The Proposed Renewal of RRPT Mandate is intended to facilitate the RRPTs. The obtaining of your mandate on an annual basis would eliminate the need to convene separate general meetings from time to time to seek shareholders' approval as and when potential RRPTs with the Related Party arise, thereby substantially reducing administrative time and expenses in convening such meetings, without compromising the corporate objectives or the interests of minority shareholders or adversely affecting the business opportunities available to the PCB Group.

2.5 Review Procedures

The PCB Group will adopt and implement the following procedures, to supplement existing management procedures for general transactions, to ensure that RRPTs are undertaken on transaction prices and on an arm's length basis and on normal commercial terms and are on terms not more favourable to the Related Parties than those generally available to the public or unrelated third parties (and which are not to the detriment of the minority shareholders of the Company).

- a) The terms of any new RRPTs proposed to be entered into by PCB, or any of its subsidiaries, involving the interest of a related party will be submitted to the senior management in charge for their evaluation.
- b) The senior management in charge will compare the terms of the transaction with at least two other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotations or comparative pricing from unrelated third parties cannot be obtained for the proposed transactions, senior management will rely on the usual business practices of the Group. The methods and procedures on which transactions prices will be determined will take into consideration the terms and conditions, level of service or expertise required, quality, reliability and consistency of the products and services.
- c) If it is concluded by the senior management in charge that the Related Party Transaction is recurrent and is undertaken on an arm's length basis and on normal commercial terms and are on terms not more favourable to the Related Party than those generally available to the public or unrelated third parties, the senior management in charge will prepare and forward a report of their findings ("**Report**") to the Executive Chairman (or in the case where the Executive Chairman is directly interested, to any other non-interested Director for his or her approval).
- d) All Reports approved by the Executive Chairman (or any other non-interested Director, as the case may be), will be submitted to the Audit Committee on a quarterly basis. The Audit Committee will review all submitted Reports and in turn report their findings to the Board of Directors.
- e) A compilation of all approved Reports will be maintained by the Company to record all RRPTs.
- f) The annual internal audit plan shall incorporate a review of RRPTs carried out to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions are adhered to.
- g) The Audit Committee shall review the internal audit reports to ascertain that the guidelines and procedures established to monitor RRPTs have been complied with and the review shall be done together with the review of the quarterly results.
- h) The Audit Committee shall review the procedures, and shall continue to review the procedures, as and when required, with the authority to sub-delegate to individuals or committees within the Company as they deem appropriate.
- i) If a member of the Board or the Audit Committee has an interest in the transaction to be reviewed by the Board or the Audit Committee as the case may be, he will abstain from any decision making by the Board or the Audit Committee in respect of the transaction.
- j) There is no specific threshold for approval of RRPTs within PCB Group. Transactions, where the value fall within the value approved per the shareholders' mandate, are approved by the Executive Director or any other non-interested Director as the case may be. However, senior management will seek the approval of the Executive Director and the Audit Committee before entering into any transaction that would cause the Group to exceed the estimated value approved per the shareholders' mandate.

2.6 Audit Committee Statement

The Audit Committee of the Company having reviewed the procedures mentioned in Section 2.5 above, is of the view that the Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner. It is the view of the Audit Committee that the review procedures are sufficient to ensure that RRPTs are not more favourable to the related party than those generally available to the public and are not to the detriment of the minority shareholders and are in the best interest of the Group. These procedures and processes are reviewed on an annual basis.

Members of the Audit Committee who have interest in the RRPTs will abstain from participating in reviewing the relevant transactions.

Dear Sir/Madam,

PROPOSED SHARE BUY-BACK

1. INTRODUCTION

On 21 April 2025, PCB announced that the Company proposed to seek shareholders' approval for the proposed purchase by the Company of its own Shares of up to ten percent (10%) of the total number of issued Shares of the Company at the forthcoming Twenty Third AGM of the Company.

THE PURPOSE OF THIS STATEMENT IS TO PROVIDE YOU WITH THE RELEVANT INFORMATION IN RELATION TO THE PROPOSED SHARE BUY-BACK, TO SET OUT YOUR BOARD'S RECOMMENDATION THEREON AND TO SEEK YOUR APPROVAL FOR THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED SHARE BUY-BACK TO BE TABLED AT THE FORTHCOMING TWENTY THIRD AGM OF THE COMPANY.

SHAREHOLDERS ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS TOGETHER WITH THE APPENDICES OF THIS STATEMENT BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED SHARE BUY-BACK AT THE FORTHCOMING AGM OF THE COMPANY.

The rest of this page is intentionally left blank.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

2.1 Quantum

The Company proposes to seek the approval from its shareholders to purchase its own Shares of up to a maximum of ten percent (10%) of the total number of issued shares of the Company at any point in time subject to compliance with Section 127 of the Act, the Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities.

As at the LPD, the issued capital of the Company was RM79,303,370 comprising of 711,317,121 Shares (excluding a total of 1,000,000 Shares retained as Treasury Shares). As an illustration, based on the total number of issued Shares as at the LPD, the maximum number of Shares that can be purchased by the Company will be 71,131,700 Shares (rounded to the nearest board lot).

In the event the Company resell, distribute or cancel all or part of the treasury shares, the Company may further purchase such additional number of Shares provided that the total number of Purchased Shares, including Shares held as Treasury Shares then, does not exceed 10% of the total number of issued shares of the Company at the time of such purchase.

2.2 Duration of mandate

The approval from the shareholders for the Proposed Share Buy-Back will be effective immediately upon the passing of the ordinary resolution for the Proposed Share Buy-Back at the forthcoming Twenty Third AGM and will continue to be in force until:

- (a) the conclusion of the next AGM of the Company at which such Proposed Share Buy-Back was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (b) the expiration of the period within which the next AGM after that date is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (c) revoked or varied by resolution passed by the shareholders in general meeting,

whichever occurs first.

2.3 Funding

Paragraph 12.10 of the Listing Requirements stipulates that a listed issuer must ensure that the proposed purchase of its own shares is made wholly out of retained profits of the listed issuer. Accordingly, the maximum amount of funds to be utilised by the Company for the Proposed Share Buy-Back will not exceed the Company's retained profits. Based on the Company's latest audited financial statements for the financial year ended 31 December 2024, the retained profits of the Company stood at RM195,326,710.

The funding of the Proposed Share Buy-back will be from internally generated funds and/or external borrowings, the proportion of which to be utilised will depend on the actual number of Shares to be purchased, the price of the Shares and the availability of funds of the Group at the time of purchase. In the event that borrowings are used for the Proposed Share Buy-Back, the amount of borrowings will depend on the amount of Shares to be purchased by the Company and the appropriate borrowing capacity of the Group. The Board will ensure that the Group will have sufficient funds to repay the external borrowings and interest expense and that the repayment of such borrowings would not have any material effect on the cash flow of the Group.

The actual number of Shares to be purchased, the total amount of funds involved for each purchase and the timing of the purchase(s) will depend on the market conditions, sentiments of the stock market and the financial resources available to the Group. Based on the audited consolidated financial statements as at 31 December 2024, the Group has a cash and cash equivalent balance of RM448,658,139 as at that date.

2.4 Treatment of the Purchased Shares

The Shares purchased by the Company may be dealt with by the Board in accordance with Section 127 of the Act, in the following manner:

- (a) to cancel the Shares so purchased; or
- (b) to retain the Shares so purchased as treasury shares; or
- (c) to retain part of the Shares so purchased as Treasury Shares and cancel the remainder.

Where any of the Purchased Shares are held as Treasury Shares, the Board may:

- (a) distribute all or part of the Treasury Shares as dividends to our shareholders, such dividends to be known as “shares dividends”;
- (b) resell all or part of the Treasury Shares or any of the Shares in accordance with the relevant rules of Bursa Securities;
- (c) transfer all or part of the Treasury Shares for the purpose of or under an employees’ share scheme established by the Company and/or its subsidiaries;
- (d) transfer all or part of the Treasury Shares as purchase consideration;
- (e) cancel all or part of the Treasury Shares; or
- (f) sell, transfer or otherwise use the Treasury Shares for such other purposes as the Minister charged with the responsibility for companies may by order prescribe; and/or
- (g) deal with the Treasury Shares in any other manners as allowed by the Act, Listing Requirements, applicable laws, rules, regulations, guidelines, requirements and/or orders of any relevant authorities from time to time being in force.

The Company may have the opportunity to realise gains if Purchased Shares which are held as Treasury Shares are resold on Bursa Securities at a price higher than the purchase price. The decision whether to retain the Purchased Shares as Treasury Shares, to cancel the Shares purchased, to utilise the Purchased Shares for other permitted purposes or any combination thereof, will be made by the Board at the appropriate time.

While the Purchased Shares are held as Treasury Shares, the rights attached to them in relation to voting, dividends and participation in any other distribution or otherwise will be suspended. The Treasury Shares shall not be taken into account in calculating the number or percentage of Shares or of a class of Shares in the Company for any purpose including substantial shareholding, take-overs, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on the resolution at a meeting.

2.5 Pricing

The purchase by the Company of its own Shares will be carried out through Bursa Securities through one or more appointed stockbrokers.

Pursuant to the Listing Requirements, the Company may only purchase its own shares at a price which is not more than fifteen percent (15%) above the weighted average market price of the Shares for the past five (5) Market Days immediately preceding the date of the purchase(s).

In the case of resale of the Treasury Shares, the Company may only resell the Purchased Shares held as Treasury Shares on Bursa Securities at a price which is:

- (a) not less than the weighted average market price of the Shares for the past five (5) Market Days immediately preceding the date of resale; or
- (b) not less than 5% below the weighted average market price of the Shares for the past five (5) Market Days immediately preceding the date of resale provided that:

- (i) the resale take place no earlier than 30 days from the date of purchase; and
- (ii) the resale price is not less than the cost of purchase of the Shares being resold.

3. RATIONALE AND POTENTIAL ADVANTAGES AND DISADVANTAGES FOR THE PROPOSED SHARE BUY-BACK

3.1 Rationale

The Proposed Share Buy-Back would enable the Company to purchase its own Shares from the open market to capitalise on market inefficiencies and to act in the best interest of the Company. The Proposed Share Buy-Back, if implemented, may stabilise the supply and demand of the Shares, which may subsequently have a favourable effect on the market price for the Shares.

3.2 Potential advantages and disadvantages

The potential advantages of the Proposed Share Buy-Back to the Company and its shareholders are:

- (a) It may allow the Company to take preventive measures against speculation particularly when its Shares are undervalued which would in turn stabilise the market price of the Shares and hence, enhance investors' confidence;
- (b) If the Purchased Shares are cancelled, the EPS will be enhanced and shareholders may enjoy an increase in the value of their investment in PCB; and
- (c) If the Purchased Shares are held as Treasury Shares, it will provide the Board with an option to sell the Purchased Shares at a higher price than their purchase price and realise an exceptional gain for the Company. Alternatively, the Purchased Shares may be distributed to shareholders as share dividends and serve as a reward to the shareholders of the Company.

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders are:

- (a) It will reduce the financial resources of the Group and may result in the Group forgoing better investment opportunities that may emerge in the future;
- (b) As the Proposed Share Buy-Back will be made out of retained earnings of the Company, it may result in the reduction of financial resources available for distribution to shareholders in the immediate future; and
- (c) The Proposed Share Buy-Back may deprive the Group of interest income that can be derived from the funds utilised for the Proposed Share Buy-Back. If the Proposed Share Buy-Back is financed through bank borrowings, the Group will have to service interest obligations.

4. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

The financial effects of the Proposed Share Buy-Back are as follows:

4.1 Share Capital

The effects of the Proposed Share Buy-Back on the issued and paid-up share capital of the Company will depend on whether the Purchased Shares are cancelled or retained as Treasury Shares.

If the Purchased Shares are retained as Treasury Shares, resold or distributed to the shareholders, the Proposed Share Buy-Back will not have any effect on the issued and paid up share capital of the Company.

In the event that the Proposed Share Buy-Back is carried out and the Purchased Shares are cancelled, the issued and paid-up share capital of the Company will be reduced by the number of Purchased Shares so cancelled.

Strictly for illustrative purposes only, based on the assumption that the Proposed Share Buy-Back is carried out in full and all the Purchased Shares are cancelled, the effect of the Proposed Share Buy-Back are as follows:

	No. of Shares
Total number of issued Shares as at LPD	711,317,121 ⁽¹⁾
Cancellation of Purchased Shares ⁽²⁾	(71,131,700)
Total number of issued Shares after the Proposed Share Buy-Back and cancellation of Purchased Shares	<u>640,185,421</u>

Note:

(1) *Excluding a total of 1,000,000 Shares retained as Treasury Shares*

(2) *Assuming that the total number of Purchased Shares is based on the maximum 10% of the total number of issued Shares of the Company (rounded to the nearest board lot) and all Purchased Shares are cancelled.*

4.2 NA and NA per Share

The effect of the Proposed Share Buy-Back on the NA and NA per Share of the Group will depend on treatment of the Purchased Shares, the purchase prices of the Shares, the number of Shares purchased and the effective cost of funding to the Group to finance the purchase of Shares or any loss in interest income to the Group.

If all the Purchased Shares are cancelled, the Proposed Share Buy-Back will reduce the NA per Share of the Group if the purchase price per Share exceeds the NA per Share at the time of the purchase, and vice versa.

The NA of the Group will decrease if the Purchased Shares are retained as Treasury Shares due to the requirement for Treasury Shares to be carried at cost and to be offset against equity, resulting in a decrease in the NA of the Group by the cost of the Treasury Shares.

In the event the Treasury Shares are resold on Bursa Securities, the NA per Share of the Group will increase if the Company realises a gain from the resale, and vice versa. If the Treasury Shares are distributed as share dividends, the NA per Share of the Group will decrease by the cost of the Treasury Shares.

4.3 Working capital

The Proposed Share Buy-Back will reduce the working capital of the Group, the quantum of which will depend on the prices at which the Purchased Shares are purchased and the number of Shares purchased.

If Purchased Shares which are kept as Treasury Shares are resold, the working capital of the Group will increase upon the receipt of the proceeds of the resale. The quantum of such increase will depend on the actual selling price(s) of the Treasury Shares and the number of Treasury Shares resold.

4.4 EPS

The effects of the Proposed Share Buy-Back on the EPS of the Group will depend on the purchase price(s) of the Shares, the number of Shares purchased and the effective funding cost to the Group. The effective reduction in the total number of issued Shares of the Company pursuant to the Proposed Share Buy-Back will, generally, all else being equal, have a positive impact on the EPS of the Group.

5.

DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' SHAREHOLDINGS

The effects of the Proposed Share Buy-Back on the Directors' and substantial shareholders' shareholding based on the Company's Register of Directors and Register of Substantial Shareholders as at LPD, assuming the Proposed Share Buy-back is implemented in full and the Shares are purchased from shareholders other than the Directors and substantial shareholders, are as follows:

6. IMPLICATIONS RELATING TO THE CODE

The Code applies in the situation where a shareholder acquires more than 33% of the voting shares of a company or where a shareholder holding more than 33% but less than 50% of the voting shares of a company, increases his voting shares in the company by more than 2% within a period of six (6) months. In such an event, there is an obligation on the person to extend a mandatory take-over offer to acquire the remaining shares not already held by the said person and persons acting in concert with him ("**Mandatory Offer**").

As at LPD, the largest shareholder of PCB, namely Chuah Choon Bin holds approximately 19.74% of the voting shares of PCB. In the event that PCB implements the Proposed Share Buy-Back in full, his shareholding will increase to 21.93%.

Based on the above, the Proposed Share Buy-Back has no implication on the shareholders of PCB under the Code as no shareholder's shareholding will exceed 33% of the total voting shares of PCB in the event PCB implements the Proposed Share Buy-Back in full.

The Board does not intend to undertake the Proposed Share Buy-Back such that it will trigger any obligation to undertake a Mandatory Offer. However, in the event an obligation to undertake a Mandatory Offer is to arise with respect to any party resulting from the Proposed Share Buy-Back, the relevant party may make the necessary application to the SC for an exemption from undertaking a Mandatory Offer.

7. PURCHASES, RESALE OR CANCELLATION OF SHARES DURING THE PRECEDING TWELVE (12) MONTHS

The Company has not purchased any of its own Shares during the preceding twelve (12) month. Consequently, there were no retention, resale or cancellation of Treasury Shares during the said period.

As at the LPD, a total of 1,000,000 Shares were held as Treasury Shares.

The Board undertakes that the Proposed Share Buy-Back will be conducted in accordance with the laws and regulations prevailing at the time of the purchase including compliance with the 25% public shareholding spread as required by the Listing Requirements.

10. APPROVAL REQUIRED

The Proposed Share Buy-Back is conditional upon the approval of the shareholders of PCB being obtained at the forthcoming Twenty Third AGM of the Company.
